Growth in Mini Tennis

2023 has been a great year for growth in our Academy. It's great to see so many juniors at the Club throughout the week, and we have had lot of positive feedback. One area which has seen significant growth is in our mini tennis section (Under 10s) with nearly 200 booked onto our courses in the Autumn Term. We launched our toddler course back in the Summer and currently run 2 sessions a week for 2-3 year olds to come to and start their tennis journey. These are fun sessions working on basic racket skills, footwork drills and ensuring tennis is seen as a fun game to play. We are looking forward to a successful 2024 and seeing more juniors on court.
